SEA SCOUT TROOP WINS HONORS AT INSPECTION

The newly organized Washington township Sea Scout troop was represented at the third annual inspection held at the Coast Guard armory in Oakland Sunday, and made an impressive showing considering the short length of time the group has been organized. The troop won their boats at the gathering.

South Seamen was chosen as the title for the Washington township troop at the meeting held last Thursday night at the Washington Union high school after an eliminating voting contest. The name was suggested by Sea Scout Ed. Worgin, of Niles. The boys studied the compass and parts of the oar as well as parts of boats at last week's meeting. Glen Trout, of Centerville, was selected as yoeman and Melvin Farmer as bugler. Sea Scout Executive Myers attended the gathering.

The boys representing the South Seamen at the inspection in Oakland were Skipper Leslie Hiller, Coxswains Lawrence Pine and B. Fuller, Yoeman Glen Trout, Bugler Melvin Farmer, Ed. Worgin, Everett Mendhall, and David Rice.

CONSTRUCTION OF NEW BUILDINGS PROGRESSES

With the concrete walls already erected and work progressing rapidly on interior construction, the new building being built at First and I streets, Niles, for J. A. Silva is assuming the outlines of an attractive edifice which will prove a distinctive asset to Niles.

Since the prncipal part of the concrete work is completed, construction of the remainder of the building will proceed rapidly, and it is expected it will be ready for occupancy by the early part of this summer. The new building is a one story affair and will house four business establishments when completed.

YOUTHS HELD FOR ROBBERY BOUND TO SUPERIOR COURT

Pair Alleged To Have Robbed Man On Highway

Testimony introduced at the preliminary hearing held Tuesday afternoon in the Niles justice court resulted in Judge J. A. Silva holding Joe Vierra and Frank Sequirria, Centerville youths, over to the superior court on robbery charges. A burglary charge also is held against Sequirria.

The pair were arrested two weeks ago by Constable O. W. Ebright, of Niles, after they were said to have held up Albert McTighe at the point of a gun on the Niles-Centerville highway and taken his purse containing forty cents. Sequirra also is alleged to have broken into the home of Dan Amaral, of Centerville, and stole a gun, a gold watch, a stick pin, and a small sum of money. Sequirria is a nephew of Amaral.

In correction to an error in last week's Register, McTighe is no relation to Amaral.

The two defendants were represented in court by Public Defender Raymond Fererio, while Deputy District Attorney Harry Styles prosecuted.

LARGE NUMBER HEARS PHILIPPINE ADDRESS AT NILES CHAMBER MEETING

Parallel Parking Strips Contract Approved for 'Bottleneck"

One of the largest attendances in several months was present at the Niles Chamber of Commerce luncheon Monday noon to hear an intensely interesting and colorful address on the Philipine Islands by Captain Koster, of the United States Army department.

The speaker had been stationed in the Islands for two and a half years, and presented the civic body with many impressive facts concerning the conditions existing in this dependency of the United States, with which he is well acquainted. All the members of the chamber acclaimed his talk as one of the most interesting and educational addresses presented to the body for a long time.

The contract for painting of parallel parking signs in the "bottleneck" in the postoffice block, First street, Niles, was approved by the civic body Monday. The chamber sponsored the painting of the strips which cost about $18. The work began Monday afternoon and was completed this week. An appeal has been made for everyone parking hereafter in this block to observe the parking rules in an effort to make traffic less hazardous at this point.

A communication was read at Mondays' gathering from the California State Industries League anouncing that body has been completely re-organized and will operate in the future as an advertising medium to make the public home community and state trade conscious. The organization announced that it will devote all its efforts toward getting consumers to spend their money in their local community and to patronize state industries.

TOWNSHIP PEOPLE TO APPEAR IN NILES PLAY

Over seventy-five prominent people in Washington township are to take part in the two-act comedy "Casey's Trail" to be staged at the Veterans' Memorial building, Niles, June 14 and 15, under the auspices of the township American Legion Auxiliary.

The drama will be directed by Gladys Lindly, assisted by K. E. Canfield, both formerly of the Universal Producing Company, who came to Niles Tuesday and are now busily engaged in arranging for the production. "Casey's Trail" has been widely acclaimed as a laugh riot wherever shown, and has resulted in a huge success in other communities.

Many of the young ladies in the township will take part in the girls' chorus, which will be among other features on the night of the presentation. The chorus attired in attractive costumes will open the program with a number entitled "The Mistic Knights of the Sea."

The cast for the drama will be announced later.

EDITORIAL COMMENT

By NORMAN H. PARKS, Publisher Register

PUBLIC FUNDS, A "DUTCH UNCLE"

Hoover is right; the country can't squander itself back to prosperity. The Hearst idea of a five hundred million loan to stimulate business is economically unsound, has no tenable ground to stand upon, and is a wild idea that no sane man can contemplate in any other light than visionary.

What we need is economy in government; not more methods of taxation, new avenues of property confiscation. We need less government, and what is left more efficiently and more honestly administered. We should start at the top and come down to township organizations in a radical slash in governmental expense. Public officials seem to think that every other business must take its loss, every privately employed person suffer a cut in wages, but the world with them should go on as before. That is a lovely idea, but the man in the street is getting mighty tired of that idea.

School attaches, county employees, state officials, the army of office holders eating up revenues in Washington all are holding on to their wartime salaries with all their might and main. Nothing but a swift kick from the poor devil of a taxpayer will make these people loosen up. Dynamite will have to be used, as a corrective policy from within the ring itself is a thing that is not going to happen.

We need a taxpayers' association in every district in America. The county's and the country's business should be our business. We should call a spade a spade, and use a big club if necessary.

Soft words may turn away wrath, but they lower no taxes!

EXTRA! EXTRA!

The two Oakland dailies are bringing the newspaper business into contempt by throwing brass-lunged newsboys into the surrounding territory howling out "extra, extra," when the excuse for the special edition is flimsy in the extreme. The editors seize upon the most trivial incident to issue an extra, the circulation department hoping to bolster up to some extent falling off street sales, due to business conditions. The public is rapidly getting on to the practice, and before long when the papers really do have some startling news in their specials, the man in the street will think it just another fake and refuse to buy.

It is a contemptible, dishonest practice. It is annoying to many people, cheapens the craft and is decidedly injurious to every other person engaged in the newspaper business.

Last Sunday night, after many people had retired, a gang hit town with a fake special. Slumber was broken, the Sabbath spat upon, all for a few nickels and a few hundred forced circulation.

News juggling should not be, and is not, mistaken for enterprise. This fact should by and by filter through the brain of the news room, unbalanced, as it is, by the poison of lurid news passing like an endless film through its whirling cranium.

DEATH PROBE FAILS TO SOLVE MYSTERY

Although it was decided the death of A. F. McMillan, 48, of San Francisco, whose body was found two weeks ago on the beach at the Alameda county end of the Dumbarton bridge, was caused by a blow on the head with a blunt instrument, the jury at the coroner's inquest held Saturday afternoon in Centerville, was unable to fix responsibility for the supposed murder.

The man's body was found by A. C. Barlow and M. W. Costa, of Newark, in a badly decomposed state. It was identified as McMillan by his business partner in San Francisco. McMillan was last seen when he left the Belmont dog races park on the night of April 28, where it is said he made heavy winnings.

It is reported that Alameda and San Mateo officials investigathering the murder theory have several clues which may lead to an early arrest.

LARGE CROWD EXPECTED TO ATTEND GRADUATION RITES AT CENTERVILLE

SECRET WEDDING OF CENTERVILLE COUPLE ANNOUNCED

Joe Bauhofer Jr., and Ruth Mau Married In October

A shower was given Miss Ruth Mau, of Centerville. Thursday, May 19 at the residence of Joseph Bauhofer, Sr., proprietor of the Innes Cloverdale dairy at Centerville.

The shower was attended by over 100 friends. After the opening of the many beautiful gifts, Miss Mau opened the final package which contained compliments of Mr. and Mrs. Joseph Bauhofer, Jr., who were married on October 24, 1931, at Gardnerville, Nevada, and passed the same to the friends who were there.

The wedding has been kept a secret, and came as a great surprise to all. In the evening a dance party was given the couple by Mr. and Mrs. Joseph Bauhofer, Sr., with many friends attending the same. The music was furnished by a Berkeley orchestra.

Joseph Bauhofer, Jr., is the son of Mr. and Mrs. Joseph Bauhofer, Sr. The bride is the daughter of Mr. and Mrs. Herman Mau, of Centerville. She is a graduate of the Washington Union High school, with the class of 1930.

LOW MARKET PRICE DISAPPOINTING TO CHERRY GROWERS

Light Demand Prevails For Unusually Large Crop

Although the cherry crop about Niles and surrounding community this year is exceeding all expectations, prices being paid for the fruit is the lowest in years and many growers are finding it unprofitable to pick their cherries.

Three cents a pound is the prevailing market price for Royal Annes, while a slightly higher price is being paid for the black varieties. According to reports coming from several of the growers, the demand for the fruit this year is unusually low, many of the canneries not in the market at all while others are planning on only a light pack. This will undoubtedly lead to much of the large crop going to waste as was the case last year.

Cherry picking is now on in full swing among those who are marketing their crops this year. The rain over last week-end was not heavy enough to cause any serious damage to the crop, according to growers.

With such a low price predominating, this is the second fruit crop of the season which has resulted in a large disappointment to growers. The apricot market also was unusually low this year and brought very little return in the way of profits to the producers. Unless the market improves by the time the peach picking season begins, this year will have proved one of the most disastrous for years in the fruit industry.

BENEFIT RECITAL WINS APPLAUSE OF LARGE CROWD

Williamson School Pupils Display Ability in Performances

Winning the hearty applause of an audience of approximately 250 people, the pupils of the Williamson school displayed exceptional artistic ability in their piano and dancing recital held Saturday night in the Veterans' Memorial building at Niles, for the benefit of the Washington township swimming pool fund.

Aided by the talented performance of Mrs. Wallace Wheaton Briggs, exponent of operalogue, Miss Florence Sherman Briggs, 'cellist, and Harry Salz, pianist, the recital proved a real treat for the audience, whose interest was closely held throughout the evening.

The dancing numbers by the Williamson School pupils were executed with a talent that won the performers no little credit, while the piano program reflected an understanding and touch which was pleasing.

The guest artists delighted the crowd with their customary polished performances. Introductory remarks on the art of dancing by Mrs. Wallace Wheaton Briggs were especially enjoyed by those present.

According to those in charge the total receipts from the affair amounted to $80.75. About 100 complimentary tickets were issued including those receiving a ticket for every four sold, parents of the twenty children participating, newspaper representatives and others assisting in aranging for the program, and all children under twelve years of age.

Expenses amounted to $59.25, which leaves a total of $21.50 to be donated to the township swimming pool fund. A detailed account of expenses will be sent to the principal of the high school, the chairman of Toyon Branch, and the Legion Auxiliary when all the tickets have been turned in. Those still having tickets are asked to turn them in as soon as possible.

Mrs. Gladys Williamson and and the teachers of the school wish to express their appreciation to all who helped make the recital a success.

Dr. and Mrs. Bennett visited relatives in Oakland Sunday.

The winners and other contestants with some of the teachers of the grammar school were entertained at the gathering. After the regular business had been transacted, delicious refreshments were served.

The auxiliary members got off to a flying start when 140 "buddy poppies" were sold at the piano and dancing recital presented by the Williamson school in the Veterans' Memorial building Saturday night, according to Mrs. Robert Vieux, president. IRVINGTON MAN INSPECTS AKRON

O. N. Hirsch was a guest of Commander Wiley of the Akron and spent nearly three hours on an inspection trip through the great airship last week.

He was taken by Wiley into the control room, the mess quarters, the crew and officers' quarters, through the cabin and galley, and was shown the powerful engines that drive the ship.

Mr. Hirsch acclaims the ship a wonder of the present age and in explaining its intricate details he could only say it is a myriad of wires, braces, gas bags, and fuel tanks.

The officers and men on duty were very obliging to Mr. Hirsch with their time and explanation of the ship's working.

Mrs. Hirsch and Mrs. Iola Rasmussen also accompanied Mr. Hirsch and were likewise thrilled with the beauty of the giant craft.

Mr. Hirsch further said the air base station at Sunnyvale, in addition to the great amount of money expended in its building, has caused communities in the bay area to become more closely united in friendship and business which will tend to bring other large projects to the district.

Mr. and Mrs. Leslie Strutevant visited in San Jose Friday.

DRAMATIC TALENT TO PREDOMINATE AT SENIOR PLAY

Entertaining Evening Assured for Wednesday Night, June 1

To all those who enjoy a dramatic spectacle interspersed with mirth provoking episodes and portrayed by characters with a poise and naturalness that suggests dramatic ability, don't forget Wednesday night, June 1!

Such is the word issued by Miss Aubrey Nicely, Washington Union high school dramatics coach, whose efforts have been concentrated during the past few weeks on assuring the public the most successful drama ever presented by any graduating class at the high school when the senior play, "Meet the Prince," is presented in the high school auditorium that night.

Coming as part of the Senior Week activities at the high school, the drama is expected to draw a large audience on the only evening of its production, as the many friends and relatives will desire to witness the cast members perform with distinction during their last days of high school life.

During the intensive practice sessions which have been held daily for the past few weeks, the seniors taking part in the drama have revealed an aptitude for their parts that makes a polished performance a certainty, according to Miss Nicely. The dramatics director has succeeded in instilling a spirit of enthusiasm in the characters which promises to delight the audience.

The first dress rehearsal will be held tonight (Thursday) and the drama will be presented at the Masonic Home in Decoto Friday night. Next Tuesday evening the final dress rehearsal will be held and the following night, the cast will be more than prepared to entertain the crowd in the auditorium.

The high school band under the direction of John E. Kimber will offer a musical progam before the curtain rises on the first scene and between the acts.

A lively gathering is anticipated for the next meeting of the Lions, Wednesday night, June 8, which will be Ladies' Night.

Joe Jason is in charge of the committee arranging for the entertainment for the evening and promises several interesting features. One of the numbers on the program will be a four-act skit presented by members of the Centerville Knights of Columbus.

Pleasanton Y. M. I. Wallops Bay Point In Baseball Game

Score of Twenty-Five to Nine Proves Superiority of Pleasanton Boys

The Pleasanton Y. M. I. baseball sluggers defeated the Bay Point nine in a one-sided game played at Bay Point recently by a score of twenty-five to nine.

The Bay Point team are winners of the Maxwell Winter League championship.

Connazzi, the first man up for Bay Point, hit the first ball pitched by Alton, Pleasanton pitcher for a triple. Nilson next batter, followed with a single to score Connazzi. From then on Alton settled down to pitch real ball and had the Bay Point batters at his mercy.

There was no further scoring by either team until the sixth inning, when Pleasanton went on a hitting rampage. Marsh started with a single. Pous singled to infield. Bottini, next on the list, singled to score Marsh, and Pous went to third. Govenor, next slugger at bat, doubled, scoring Pous and Bottini. Bob Silva doubled to score Govenor and was out at third. Alton Doubled. Dutra doubled to score Alton and was caught off second, making the second out for Pleasanton. Trimingham singled; Marsh walked to first; and Pous singled to score Trimingham, while Marsh was put out at third.

From the sixth inning on Alton loosened up and let Bay Point score a couple and enlivened the hopes of the players for a short time until the eigth inning, when Pleasanton scored five more for good measure. Two additional runs in the ninth added to the Y. M. I. score. Alton retired the Bay Point boys when he struck out three of its batters in succession.

On the whole Pleasanton played a loose game, in spite of the overwhelming score.

Sixty Children Get Examination at Pleasanton

Sixty pre-school children were examined by several Pleasanton doctors in a health examination conducted by the Pleasanton Health Center last week at the city hall, according to Miss Barbara Bradley, health nurse.

NILES CIVIC BODY GETS PERMIT FOR SPRINKLER

Ownership of the property along the state highway curb from the fire house on First street, Niles, south to the end of the street has been definitely established by county officials as belonging to Alameda county. With the settlement of ownership, the county board of supervisors at a recent meeting gave the Niles Chamber of Commerce permission to install a water sprinkler on the land, and flowers also may be planted in order to improve its appearance.

The Niles chamber has been sponsoring a movement to seed this plot with blooms and install a sprinkler for several weeks, but definite ownership was not established until recently

Definite action on what the chamber will do with the ground is expected to be decided at its next meeting a week from Monday. Although it may be too late to plant flowers, it is expected a water sprinkler will be installed.

An Idea That Ought to Start Something

The "Hoarding of Money" is ascribed by many economists as one of the causes of the present business depression. Two cities --- Buffalo and Rochester, N. Y.—decided to jar those idle dollars loose by advising the public, via ADVERTISING, to "Spend now what you will later."

The great success with which their campaigns met is attested to by the fact that other cities are planning to follow suit. Both merchants and the unemployed, all benefit by the idea. Hence, our reason for urging our merchants to advertise.

If every merchant in the township would start immediately advertising worth-while "buys" and keep it up consistently for six months the "depression" would be well on the way to oblivion by the time "winter comes."

Now, as always, the

THE TOWNSHIP REGISTER

stands ready to help, advise and encourage the merchants of this district in planning advertising campaigns that will bring results.

JOHN DONAHUE DIES SUDDENLY AT DANVILLE

Funeral Services Held From Home Church; Buried in Pleasanton

Funeral services for John J. Donahue, of Danville, a former resident of Pleasanton, who passed away at his family home suddenly last Wednesday a little after noon, were conducted at the Danville Catholic Church last Friday, with interment following at the Pleasanton cemetery.

Donahue passed away suddenly at his home while enjoying his afternoon nap. Two weeks ago he suffered a heart attack, but seemed to be recovering until he suddenly passed away last week.

Donahue was sixty-nine years of age and would have celebrated his seventieth birthday last Sunday. He came from a prominent family and was well known and well liked in Pleasanton and Washington townships. He was the father of nine children, eight of whom are left to mourn his passing.

Donahue was born and raised in Mission San Jose. Later on in years he moved to Vallecitas, near Sunol, where he spent a great number of years. He was a prominent farmer and rancher and had practiced in that line all his life. He moved to Danville twenty years ago and continued his occupation of farming. It was there that he made his home until his death.

He is the brother of Judge William Donahue and Charles Donahue, both of Oakland. He also leaves a sister, Mrs. Annie Knoole, of Irvington.

In addition he is survived by his widow, Mrs. Ella Donahue, of Danville, and eight children. The children are the Misses Maude and Grace Donahue, of Danville; Mrs. Bernice Leary, of Oakland; Fred, Mervin, John and Francis Donahue, of Danville; and William Donahue, of Santa Clara.

AMADOR PLAY IS SET FOR TONIGHT

Reserved seat tickets for the Amador high school senior play, "Believe it or Not," a comedy to be presented this evening, went on sale in Pleasanton Monday, according to R. O. Moyer director of the play.

The play is a farce-comedy and is believed to be one of the funniest presented on the high school stage.

Those who take leading parts in order of the players' appearance on the stage are as follows:

Grace Reimers—Lena, a maid; Hazel Garatti—Mrs. Pottle, a sentimental dowager; Eleanor Hansen—Gladys Pottle; Enrica Adami—Jane Pottle; Josie Bottini—Nancy Hamilton, a young woman with a freezy manner; Blaire Logue — Harriet Follis, Nancy's chum who has an inferiority complex; Tom Nerton—Plumber, leisurely to the point of laziness; Francis Bottini—process server; Frank Marino—Cuthbert Jackson, in search of a wife against his will; Thomas George —Norman Follis, chum of Jackson and brother of Harriet, a live wire; Bill Gibson—Uncle Silas, prematurely aged; Bernice Toscano—Bridget O'Hare, in search of a job; Mildred Enos—health inspectress, trying to run down a case of Bubonic Plague; Joe Miller — detective, looking for murderers.

All are members of the senior class of the Amador high school.

The story of the play is as follows:

Harriet Follis is confronted with a perplexing situation. Her wealthy uncle insists that she marry before she is twenty-two in order to inherit his money; and she is approacing the deadline without suitors. Confiding in her chum, Nancy, to the effect that she has inserted a matrimonial "ad" in the local newspaper, stirs things into action; and Nancy decides to relieve the awkward situation by donning male attire and posing as Hariet's fiance during the visit of the eccentric uncle.

Complications begin in earnest when two strange young men arrive, both bent on putting the matrimonial venture through; and when one of them remains in the house in the guise of a maid, in order to watch developments, the affair becomes riotous.

A continuous gale of laughter is provoked by the rapidly occurring comedy situations, as Nancy tries to uphold her position as Harriet's fiance under Uncle Silas' close and critical scrutiny; Norman Follis tries to give satisfaction as the new maid; the plumber works to repair the kitchen sink when he is not making trips back to the shop for tools; an officious inspectress from the Health Department insists upon finding a Bubonic Plague victim; a detective from Headquarters is bent upon unearthing a murder in the Follis home.

The tangled threads are finally straightened out, and things end happily for all except the two officials who are robbed of their prey.

The Niles chamber plans to enlist the aid of the league in stirring up this spirit in Niles again at some future date.

Professor Essig, of the University of California and one of the best known etymologists in the country, was a guest of the chamber at Monday's meeting.

President F. V. Jones announced that there will be no meeting of the chamber next week on account of Memorial Day, the next meeting to be held a week from Monday. E. F. Glassbrook was appointed chairman to arrange for that gathering.

Niles Boy Scout Troop No. 2 was officially chartered May 16, with the following as committeemen: Reverend E. G. Brinkmeyer, chairman; George Bonde, Ray Peterson, George Rose and E. G. Weed. Lawrence Pine is acting scoutmaster and Jack Townsend will be assistant scoutmaster.

The following boys are members: Tommy Estidello, Robert Solon, Ed. Andrade, Robert Kibby, Jackie Perry, Bradford Hodgkins, Lawrence Mendoza, Lawrence Martinelli, and Richard Habinicht.

Lawrence Pine joined the Niles scouts in November, 1927. During 1928 and 1929 the Niles scouts were not very active until Marshall Green took over the scoutmastership and J. E. Townsend assumed the responsibilities as committee chairman. Since that time, scouting in Niles has taken a decided upward turn, which resulted in the formation of troop No. 2 early this year.

Lawrence Pine advanced to Eagle Scout, highest scouting rank, in record time, receiving his Eagle badge, June 28, 1931. He has had five years' experience as a scout and scouter, and holds the most number of merit badges in Niles with thirty. Green has twenty-eight to his credit. In recognition of Pine's leadership in scouting, he will receive a bronze palm at the Court of Honor to be held at Diamond Camp in June.

Sea Scouts Lawrence Pine, of Niles, and Glen Trout, of Centerville, have passed their apprentice test. They are the first of the Scout Seamen to pass the test. Both are Eagle scouts.

The Sea Scouts went to Oakland Sunday to receive a twenty-foot cutter for their scout work. The boat was formerly a utility boat on the cutter, Bear.

Niles Troop No. 2 had to call off their overnight camping trip on account of rain. The trip will be taken sometime in the near future.

At the Monday night meeting, the Newark troop carried out a color drill. The drill consisted of putting into practice the different ways to respect the United States flag. This drill has never been carried out in the township before. Colors was played on the bugle bf Frank Gygax.

The Centerville Scouts took a swimming trip into Lakeside last Friday evening.

The Irvington scouts wil camp at Diamond camp over the weekend. This will allow many of the boys to pass some of their tests.

The Centerville troop has a new meeting place in the Town Hall. Glen Trout has been made assistant scoutmaster.

The Decoto troop has added several new members to its troop.

The Newark boys were given a weenie roast by the Green Bay council.

Assistant Scoutmaster Morrison Green has taken over the acting scoutmastership of Troop No. 1, Niles, during the absence of Scoutmaster Marshall Green.

FEDERATED CLUBS TO HOLD PICNIC IN NILES CANYON

Large Throng Expected For Annual Affair At Stonybrook

Niles Canyon will be the mecca for large throngs Sunday, when approximately 1500 people are expected to gather at Stonybrook park for the annual picnic of the Federation of Improvement Clubs of southern Alameda county. Extensive preparations for a day of enjoyable entertainment have been made by the large committee of Hayward people in charge of the event.

The Federated clubs' picnic is considered the most outstanding outdoor social entertainment of the Hayward community, and large attendances always have marked the holding of the affair in past years. A program of entertainment consisting of sports for young and old with prizes to be awarded for the various events, as well as dancing and other features have been worked out by the committee in charge.

Those attending will bring their own lunches, to be eaten under the shade spreading trees of the park, and the federation will prvide coffee and milk for the gathering. Fred J. Blaker, of Hayward Highlands, is chairman of the committee for the picnic.

Niles Water Company Completes Extensions

THE TINEGA GROUP

The Tinga group met last Friday evening at the home of Mrs. E. Brinkmeyer. The girls were given a surprise. The surprise was that all the girls were to have supper there. Every girl was given a task to perform to help prepare the dinner. The meal was a success through the cooperation of everyone.

After the dinner was over the regular busines meeting was held during which plans and preparations were made for Sunday.

Sunday evening, May 22, the Tinega and Gemewuance groups held their annual council Fire. The girls that received the Wood Gatherer's Desire were Lucille Alves, Ramona Mello, Leona Solon and Rosalie Harrold.

Through the cooperation of many of the guests and the girls the Council Fire was made a complete success.

During the Council Fire two very interesting stories were told by Mrs. Townsend. One was for the younger girls and the other for the older.

After the Council Fire there was an exhibit of all the work the girls in both groups have done in the past few months.
